In claim 4, line 2 after "added in the", "preparation" was deleted.

In claim 5, line 2 after "agent used in the", "mixing" was deleted.

### ***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: The cited prior art fails to disclose or reasonably suggest " (a) mixing deionized water with a fluorine compound and a dispersion agent to prepare an aqueous premix solution; (b) mixing the aqueous premix solution with a fumed silica;" . In view that applicant has perfected the claimed priority date by filing a certified translation of Korean priority document, application No. 1999-68274, the cited prior art (US 6,442,977 in view of US 6,223,563) does not predate the claimed invention.
